

Attune's Holistic Approach

Attune is a fully integrated hearing healthcare company. Attune Workplace combines with Attune Hearing Clinics and Attune ENT Specialists to provide a unique and holistic approach to workplace hearing issues. With our focus on risk, productivity and wellness, Attune can add real value to your organisation.

Attune Workplace helps employers to understand and meet their statutory obligations and mitigate the productivity loss consequences of noise induced hearing loss. We also partner with employers as part of their ongoing wellness programs by offering a range of benefits to your employees and their families.

Set out below is a summary of the component parts of Attune and how we can partner with your organisation to mitigate risk, improve productivity and ensure the ongoing hearing wellness of your employees and their families.

Attune Workplace:

- Mobile on-site hearing screenings
- Pre and post employment hearing screenings in Attune clinics.
- Occupational noise level assessments.
- Advice on appropriate engineering controls for plant and workspace design.
- Advice on suitable administrative controls to ensure hearing is protected.
- On site and on line education and training for OHS managers and employees.
- Advice on and supply of appropriate hearing protection and communication devices – to enhance speech whilst suppressing noise, enabling safe, clear communication in noisy environments.
- Direct referral pathway to Attune Hearing Clinics and Attune ENT Specialists.
- Combines with Attune Clinics to deliver our Corporate Hearing Wellness Program.

Attune Hearing Clinics:

- Over 25 audiology clinics
- Comprehensive diagnostic assessments: hearing and balance
- Counselling and communication strategies
- Advice on and supply of hearing aids, FM systems and other communication devices
- Tinnitus: management and treatment
- Cochlear Implants and other implantable devices
- Direct referral pathway to Attune ENT Specialists

Attune ENT Specialists:

- Over 25 ENT Specialists, based in or around our Attune Hearing Clinics.
- Support and supervise our Audiologists.
- Review and sign off on audiology reports.
- Oversee our Clinical Protocols.
- Provide medico/legal reports.
- Work with Attune staff to provide education and training to workplaces and other medical providers.
- Members of Workers Compensation Boards and other statutory bodies.
